CITY OF LODI, DIVISION OF ARTS & CULTURE,
LODI PUBLIC LIBRARY AND PARKS & RECREATION

Welcome...

22ND EDITION

CITY OF LODI
COMMUNITY
ACTIVITY GUIDE

Dear Community Center and Parks & Recreation Patrons,

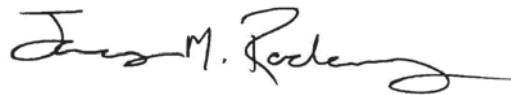

It is soon to be Winter again! We waited a little while just to make sure after getting through one of the coolest Summers on record for California. This year, Fall was a little hit and miss, but as I write the temperatures have dropped, the nights are cooler and there is a chance of more rain in the forecast so we are going out on a limb and saying Winter is coming.

But, between the weather and the economy, our programs march on! We want to thank you, once again, for your patronage. As we are here to service the community we look forward to providing new and interesting programs as well as the classes and activities that you have made popular over the past couple of years.

We hope that once again you find programs that you enjoy in this season's catalog. As always, if there is something you think we should offer that you do not find, we hope to hear from you. One great example of our efforts is the addition of a few new classes including dog training and dog obedience. These classes have been added as a direct result of community members coming to us with suggestions.

We hope your holidays will be filled with joy this season and we look forward to seeing at the Hutchins Street Square Community Center and in our programs with the Recreation Department.

Sincerely,

James M. Rodems
Director—Hutchins Street Square Community Center
Interim Director—City of Lodi Parks & Recreation Department

ADULT BALLET

This class is perfect for adults who have never had ballet classes or for those who would like to begin again after an absence of years. Ballet exercises and steps will be chosen to enhance the fitness and coordination of the adult dancer, while stressful steps and positions will be avoided. Adults who enroll in this class will, hopefully, see an improvement in muscle tone, increase their range of motion and develop an appreciation for ballet. We will cover basic ballet technique including barre and center exercises that encourage stretching, strengthening and tone, along with an introduction to ballet terminology.

BALLROOM DANCE

The Sady's have been teaching at Hutchins Street Square since 1999, specializing in social ballroom dancing, dances that fit on a crowded dance floor. They don't have their dancers memorize choreographed routines, but teach American style steps and techniques that are universal wherever ballroom dancers gather, are easy to remember and fit into any dance setting. It takes most people several sessions to master Level One basics for the six dances. For those that do, we have Level Two classes, expanding on the step patterns for a well rounded ballroom dance education. The exercise is good and not overly strenuous. If you have been on the sidelines, admiring others enjoy moving to the music with style and grace, why not join them? It's fun!

BATIK BASICS

Batik is a resist technique, meaning that a barrier or "resist" is created on a surface that is protected from dye. Application of crayon onto fabric creates a resist to fabric dye. Design with crayon on fabric will resist dye, creating the effect of "batik." Traditionally, the resist is done with melted wax; however, application of a crayon design is introductory to batik for young artists. Students will create a batik with crayons and fabric dye. Students will experiment with crayons and watercolors on paper towels, create a batik on cloth, design with crayon, paint on dyes and melt crayons with an iron. Students are asked to wear an apron or protective clothing, bring newspapers (newsprint only-no glossy paper, a sketch pad, pencil and a black fine-tip marker.

DECORATIVE PAINTING

Decorative Painting is fun and rewarding. It covers a wide range of mediums, surfaces, techniques, and textures. Projects can range from realistic to impressionistic. Use your own photos, magazine pictures, or patterns from various sources for inspiration. Everything goes.

Our usual medium has been acrylic paint, but in the last year we have experimented with dimensional painting using a combination of hardware store products along with artist supplies. The results have been exciting. Also, new to our class, has been metal foiling, water color, and water color pencils, along with pastels.

Virtually any surface can be used for a unique project. In addition to canvas and fabric, projects can be placed on wood, paper, stones, glass, metal, dishes, planters, etc., etc., etc.... If this sounds intriguing, stop in for a moment when our class is in session to observe our diverse artists.

This introduction to wood burning and gourd art offers the challenge of working on a hard curved surface unique to gourds. Gourds past and present add interest and lead the student to a unique opportunity to create a national birdhouse for the garden. What kind of bird is in your yard? What kind of nest does the bird want to nest in? We will look at the gourd birdhouse through the eyes of the bird. How large is the entrance? How deep is the gourd? What about the prevailing winds...etc...as the bird sees it. Do you love children and nature?

JOIN THE LODI LAKE NATURE AREA DOCENTS!

SERVING LODI SINCE 1986

INTERESTED? Join Lodi Lake Nature Area Docents: These volunteers are the heart of the Lodi community! If you love children, can walk several miles without problems, and have an interest in the great outdoors, we would ask you to consider becoming a Lodi Lake Nature Area Docent. You don't need to know much about science, you just need to have some time to donate and a willingness to learn about the area.

What Does it Take? Please contact us for an interview if you are interested. Once you have been interviewed and accepted, you must pass a fingerprint and background check. A self-study Lodi Lake Docent's Manual prepares you with needed information, then pass a take home test and you are ready! As a new Docent, you will typically accompany some tours being led by more experienced Docents until you are ready to lead your own. Qualified Docents must then be willing to lead at least two tours monthly during the school year. Docent meetings occur on the second Thursday of every month and take place at the Lodi Police Department's Community Room. Monthly programs focus on topics related to nature and the river area and help provide ongoing education. College students seeking community service may also be interested in applying.
